Executive Override

Understanding federal threats to the 2026 election and what we can all do to stop them

Since taking office,
this administration
has used the threat of
violence to quash
protests and create the
conditions for election
interference

Trump's Voter-Fraud Myths Fuel State-Level Crackdowns

The New York Times

Judges Grow Angry Over Trump Administration Violating Their Orders

**The
Guardian**

*US supreme court 'demolishes' Voting
Rights Act, gutting provision that
prevented racial discrimination*

**These actions are all connected.
And they're part of a
coordinated strategy to target
our elections.**

The White House's three-part strategy to target the election

Deceive

- 1 Supercharge conspiracies and lies from inside the White House

Disrupt

- 2 Deploy federal power against opponents, organizations, and officials
- 3 Use violence to silence Americans and deter voting
- 4 Manipulate election rules to block eligible voters

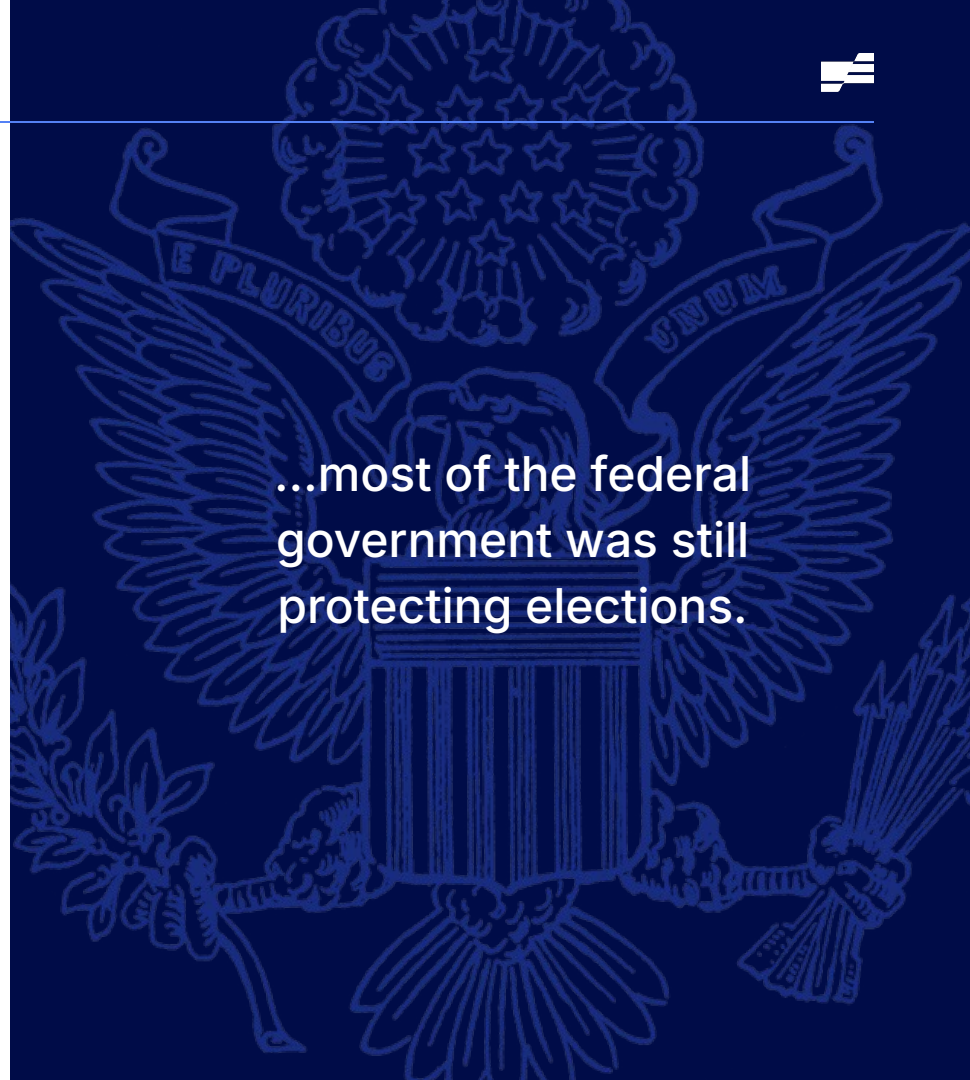

Deny

- 5 Seek to overturn the results if favored candidates lose

In 2020, while the
White House worked
to overturn results...

...most of the federal
government was still
protecting elections.

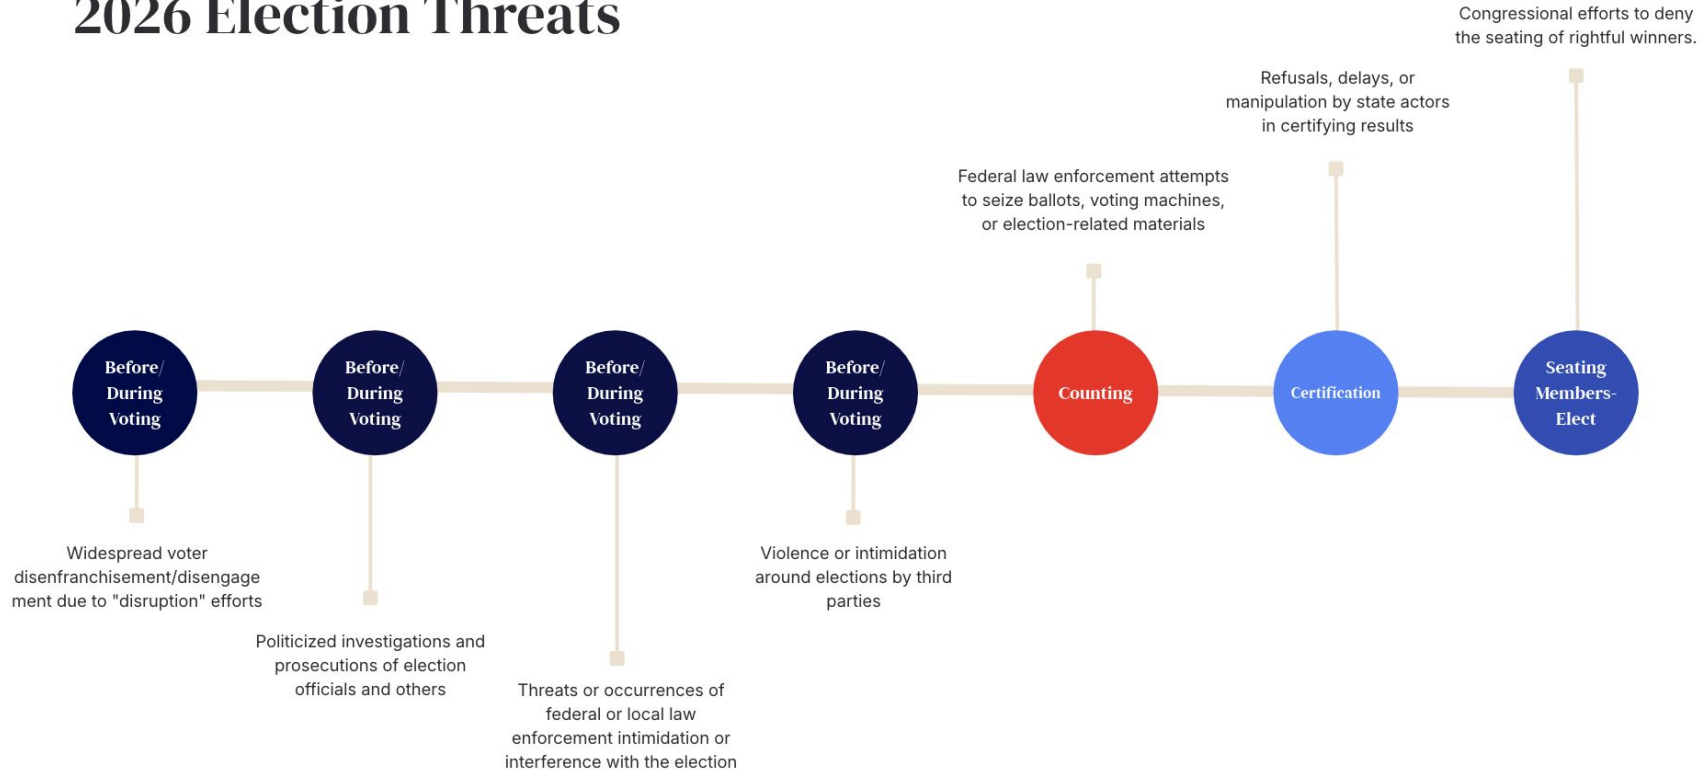

EXECUTIVE OVERRIDE

This year, every lever of federal power is being marshalled toward undermining a free and fair election.

2026 Election Threats

POTENTIAL SCENARIO

DECEIVE

Acting AG Todd Blanche
and the DOJ continue to
push misinformation
regarding non-citizen
voting

POTENTIAL SCENARIO

DISRUPT

White House to DOJ, OMB, DHS: Demands "swift consequences for Democrat illegal voting scheme," pledging investigations and funding cuts.

POTENTIAL SCENARIO

DENY

Claiming reports of fraud, FBI Director Kash Patel orders criminal investigations into organizations involved in voter education calling for certification in competitive districts to be delayed

**Those are hypotheticals,
but the Deceive-Disrupt-Deny
strategy is already in motion.**

The good news?
**The administration's
effort is likely to fail.**

We know the strategy they'll use.

And we know what we are going to do, too:

Fight

Stop voter suppression and election sabotage, starting now.

Win

Get out the vote as an act of resistance, regardless of who's on the ballot.

Prove

Make the results of the election unquestionable.

Enforce

Ensure a peaceful transfer of power.

● Prepare yourself and your community!

- ✓ Plan group voting events!
- ✓ Involve local businesses and ask them to serve as voting information hubs
- ✓ Encourage early vote through social and traditional media
- ✓ Serve as poll observers and peacekeepers or volunteer to drive voters to the polls!
- ✓ Familiarize your community with their rights and de escalation techniques
- ✓ Organize or participate in block celebrations around poll sites. Make voting joyful!
