

Digital Media

Distracting
Isolating
Dangerous
For individual luxury/leisure
Add on to or at odds with basics

Teaching

Dumping knowledge/content
Caring
One way
Hierarchy

Skills

Begins in the family bubble
Practical skills and academic skills don't mix
Inborn or acquired
Acquired through will-power
The reason to gain skills is to be able to make money
Skills are acquired in a linear fashion: basics before complexity

What's in the swamp of..

DML

Learning

Different learning in different places
Real world learning is about practical and pragmatic skills
School learning is about the basics and hard
Learning is not fun--by definition
Passive

Consumerism

Individual responsibility
Good choices=good outcomes
Goal=accumulation
Business tool
Differential access=symptom of free market
Adult focus
